Congratulations on listing your home!

My name is Jeff Moss, and I'm the owner of your local branch of College H.U.N.K.S. Hauling Junk & Moving.

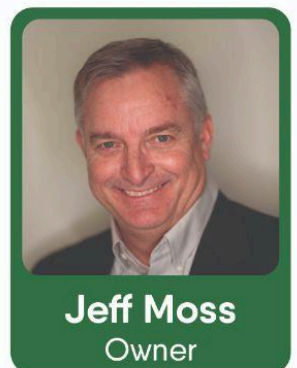

What we do is simple (you can probably tell by our name): we move the things you love and get rid of the things you don't. We offer local and long distance professional full service moving along with local unwanted item removal.

College Hunks is no ordinary moving company. **H.U.N.K.S. stands for Honest, Uniformed, Nice, Knowledgeable, Service, and that acronym drives everything we do.** Through Moving and Junk Hauling, we're building leaders.

Building leaders? How is a moving company building leaders? It's simple: we mentor our employees to help them learn and grow, both in business and life. As a former Army Officer and corporate leader, I understand the importance of performing a job at the highest level with attention to detail, respect and professionalism. As a business leader, it's my #1 priority to pass those values along to my managers and team members.

We strive to leverage EVERY opportunity to demonstrate our capabilities and display the professionalism of our team.

We would be honored for the opportunity to assist you. Please give us a call today at **910-769-3757** for a free estimate so we can show you who we are.
